

the steady weight of truth

For finance leadership stretched across close cycles, controls programmes, transitions and audit cycles. Atlas Verum extends your bench. We prepare the work, design the controls, assemble the governance pack and run the cycle from the client side. Where regulated delivery is required, our registered, compliant and long-standing UK partner network carries the regulated work. AI has made the capability surface broad and the delivery fast.

Partner network — registered, compliant, long-standing

Where regulated delivery is required, Atlas Verum brings in partners from a curated UK network. Statutory audit opinions are delivered by FRC-registered audit firms. Banking introductions, professional indemnity placement, ICO registration and solicitor work route to partners with track record. Atlas Verum prepares the work to the standard partners consume, and coordinates the cycle on the client side. Partner-firm identities remain confidential to clients in engagement. The model is one relationship for the client and one operating discipline across the full cycle.

METHOD

A four-stage critical-analysis protocol applied in week one

CONTRACTING ENTITY

Atlas Verum Limited · Company No. 17203202
Cardiff incorporated 6 May 2026
Registered office: 71–75 Shelton Street, Covent Garden,
London WC2H 9JQ
